SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Regional EOC	Coastal Regional EOC	Southern Regional EOC
Level 1	MRCC	MRCC	MRCC

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated March 2, 2020, at 0700 hours, in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. All Cal OES Regions are providing staff to the Cal OES Multi-Regional Coordination Center (MRCC) in support of statewide operations. The MRCC is a consolidated activation of all CalOES Regional Emergency Operations Centers. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **FEMA-4482-DR-CA**
On March 22, 2020, the President approved Major Declaration FEMA-4482-DR-CA (DR-4482) for the COVID-19 Pandemic.
- **Executive Order N-33-20:**
On March 4, 2020, the California State Public Health Officer and Director of the California Department of Public Health (CDPH) ordered all individuals living in the State of California to stay home or at their place of residence, except as needed to maintain continuity of operation of the federal critical infrastructure sectors.
- **Global Health Advisory**
On March 19, 2020, the U.S. Department of State issued a Global Health Advisory at Level 4 (Do Not Travel) due to the global impact of COVID-19.

Confirmed Global COVID-19 Cases - Per Worldometers COVID-19 Live Updates as of 1400 Hours on April 4, 2020:

- 1,192,926 (+101,711) Confirmed cases in 205 countries
- 64,235 (+5,717) Deaths

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed United States COVID-19 Cases - Per Centers for Disease Control and Prevention (CDC) as of 1400 Hours on [April 4, 2020](#):

Number of Cases	Source
1,388	Travel Related
4,325	Close Contact
233,566	Under Investigation
239,279	Total Confirmed Cases
6,593 (+1,150)	Total Deaths

*Printed as reported by CDC.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Freeze Watch from late tonight through Monday morning for portions of Mendocino and Lake Counties.
- Multiple Winter Storm Watches have been issued from late through Monday evening.
- The Ferguson burn scar is being monitored for the potential of debris flows/flash flooding on Monday.
- Late Sunday night, snow levels will lower to 3,000 feet, with accumulation at those levels.
- Approximately 1 to 2 feet of snow can be expected from Saturday morning through Monday morning.
 - Some local areas will see averages of 4 feet in snow accumulation.
- Avalanche Watch in effect Sunday morning to Monday afternoon for the Greater Lake Tahoe areas:
 - Alpine, El Dorado, Nevada, Placer Counties

SOUTHERN CALIFORNIA

- Precipitation will be significant and unseasonable amounts for the next few days.
 - Moderate to heavy rain is expected later today into this evening.
 - A chance of thunderstorms for many areas can be expected from tonight through Tuesday evening.
 - Rainfall totals through Tuesday are expected to range from 1 inch to 3 inches. Localized areas can see up to 4 inches.
 - Widespread urban flooding will be likely.
 - There will be a potential for minor mud and debris flows near recent burn areas.
- Snow levels will be near 6,000 feet through Monday morning then drop to 4,000 to 4,500 feet Monday night / Tuesday morning.
 - Significant snow accumulations can be expected above 6,000 feet.
 - heavy snow and strong gusty winds are expected.
 - Multiple Winter Storm Warnings have been issued through Tuesday afternoon.
 - Travel delays along I-5 over the Grapevine can be expected.

WEATHER KEY POINTS

04/05/20 - 04/11/20

Sunday-Monday

- A strong storm will bring moderate to heavy rain, scattered thunderstorms, gusty winds, and heavy mountain snow to most of California
 - Significant travel impacts are expected with snow and gusty winds over the mountains.
 - Heavy hourly snow rates over the Sierras are expected today. Snow levels as low as 4000ft. Snowfall totals of 3-4ft are possible above 7000ft. Interstate 80 will continue to be heavily impacted through Monday due to heavy snow and low visibility.
 - Strong winds, with gusts of 40-50mph are expected and could impact outdoor activities and temporary structures.
 - The more favorable areas for stronger winds are the Monterey Peninsula and over the mountains.
 - Moderate to heavy rain is expected at lower elevations in central and southern California.
 - Urban and localized flash flooding is possible in southern California.
 - The following burn scars are being monitored for the potential of debris flows/flash flooding:
 - Ferguson (Sunday and Monday)

Tuesday-Wednesday

- Southern California will see moderate to heavy rain and mountain snow continue through Wednesday.
 - Winter Storm Warnings are in effect for southern California mountains
 - Localized urban and flash flooding is possible in southern California.
- Some lingering rain and snow showers are possible in central California

Thursday-Saturday

- Warmer and drier conditions are expected across northern and portions of central California
- Unsettled conditions with lingering rain and mountain snow showers are possible into Thursday for Southern California mountains.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2020-LAW-16691, 04/04/20, 1637 hours:** Received email from CSWC reporting a SAR request from Nevada SO for skiers and snowmobiles to assist in a search and rescue. **1640 hours:** Contacted Nevada SO and they advised they had a missing skier in the area of Boreal Ski Resort. They knew the skier's general location and requested as many skiers and snowmobiles they could get from Tahoe Nordic for an immediate response. **1643 hours:** Contacted Placer SO and advised them of the request for Tahoe Nordic. They were going to contact Tahoe Nordic and report back with availability. **1915 hours:** Nevada SO advised they were utilizing their own search teams to work their way the missing skier's location. They were in contact with Tahoe Nordic and requested they remain on standby should the need arise. **2130 hours:** Nevada SO advised they made it to the missing skier and were beginning their descent off the mountain. They coordinated with Tahoe Nordic to remain on standby do to extreme winter weather conditions in the area. **UPDATE: 04/05/20 at 0630 hours:** Nevada SO confirmed all searchers and missing skier were off the mountain and Tahoe Nordic was released. **MISSION CLOSED**
- Please see the attached California Department of Public Health (CDPH) / Cal OES Joint Situation Report for additional details.

Cal OES MISSION TASKING

Cal OES Missions
